WHO I AM

~Summary~

-by Pete Townshend

The lesson "**Who I am**", contains the aspirations, likes, dislikes of six children, namely **Radha, Nasir, Rohit, Serbjit, Dolma, and Peter**. **Radha** likes **climbing trees**, especially the **mango tree** that is outside her house. The tree has **wide branches** and Radha can sit comfortably on its branch. Radha's mother **scolds her**, as she believes it is **wrong for girls to climb trees**. But one day she wants to see how it feels herself and **climbs along** with Radha. They both have fun, as they spend time together and eat the **raw mangoes** from the tree. Radha loves being on top of the tree, as it gives a view from above, making her feel as though she is on **top of the world**.

Nasir wants to become a **seed collector**, as he wants to help his father with his **cotton field**, by preserving seeds to grow cotton. In his **grandfather's times**, they used to take seeds from their **own plantation**. But the yield is less now and they do not get enough seeds. So Nasir decides to collect seeds for the **generations to come**.

Rohit wants to **travel** if he has enough money. He wants to see the **mountains of New Zealand** and the **Amazon river of South America**. He also wants to visit the **corals of Lakshadweep**. He is more interested in **nature** and **old cities** and therefore wants to travel to the **city of Beijing in China**, the **Konark temple of Orissa**, and the **Egyptian Pyramids**.

Serbjit shares his problem, with people **not believing him**. His **teacher** thinks he is lying when he says he could not do his **homework** because his friend Ravi **borrowed his book**. He also gets **angry** when his **parents** do not believe that his **brother starts the fight** with him.

Dolma wants to become the **Prime Minister of India** and serve the Nation by building **hospitals, schools and roads**. She also would take steps to encourage the **scientists** to make **new inventions** and **launch spaceships**. She practices **leadership skills** in school, to achieve her dream.

Peter talks about the favourite day of the month, which is **Sunday**. On this day, he goes to the **cinema** along with his family. His father books **tickets** in advance. They take a bus to the cinema hall. Peter loves to eat the **peanuts** his father buys for him, as he watches the movie. After the movie, they all eat **ice creams** and are in a happy mood.
